CONCRETE AUDIO

Timeless Elegance and Impressive Dynamics

Text & Images: Anusha Technovision Pvt. Ltd

We present a groundbreaking and innovative audio speaker system from Concrete Audio whose sound will delight both purists and audiophiles alike. An ideal combination of plain concrete and state of the art interiors results into an exceptional high-end loudspeaker, was specifically developed for those who seek both unrivaled purity and clarity in sound resonance and for those that adhere to an exclusive 'audiophile-class' lifestyle.

The Concrete Audio is exclusively distributed and installed by ATPL in India. ■
